Dear FEDChex,  
I've been a victim to a lot of vendor promises. In all my years in the grocery industry, I've never until now encountered a company that has delivered everything (and more) that was promised *prior to* receiving any portion of our business.

As you know, our primary goal is to always provide the best possible service to our customers. FEDChex's approach to payment processing and customer service fully supports that goal. We are particularly pleased with your solutions for check authorization, electronic recovery, collections and most recently, oneDEPOSIT.

Foodarama applauds FEDChex for all their efforts in accommodating our very specific yet ever changing needs.

Sincerely,

Carrol Cox  
President
