Dear Michelle,

Prior to utilizing FEDChex's Lockbox service, we employed costly and time consuming procedures related to accepting payments from our clients. Since our relationship began over a year ago, we have realized a substantial reduction in costs related to labor, out-dated equipment and processing procedures. Thus, I am extremely pleased to share our satisfaction and appreciation with FEDChex in regards to the courteous and immediate attention that we receive from your staff.

FEDChex has clearly demonstrated the ability to customize their services to meet our needs and to expedite the implementation of those services. Your innovation and commitment to both Mendota and our customers has proven to be a successful relationship.

Sincerely,

Annette Schmidt
